

Teeth Whitening X3 Strips

Art no: 123098 (10 day)

Art no: 123099 (5 day)

Convenient teeth whitening to use
anytime, anywhere.

Beconfident® Teeth Whitening X3 Strips were developed by the international Beconfident® research team in collaboration with one of the most renowned recipe developers in the field of oral care products. The innovative Dual-Boost X3 gel (also used in the Premium Kit) whitens teeth step-by-step.

The result: bright white teeth for a beautiful and attractive smile.

Beconfident® Teeth Whitening Strips are extra thin and shaped to fit perfectly on the upper and lower teeth. Comfortable and easy to use, anytime & anywhere!

Claims:

- Easy to use
- 10 days x 15 minutes only
- Up to 3 shades whiter (10 days)
- No trays needed
- Safe and secure
- Clinically tested
- Practical envelopes

Working mechanism in short:

Two different, successive mechanisms of action work together in the innovative whitening formula and unfold their whitening effect within minutes – for visibly whiter teeth after only 15 minutes. In the first phase, the Dual Boost Gel gently removes superficial stains without damaging the enamel or increasing the sensitivity of the teeth to pain. In the second effective phase, the highly efficient Whitening Complex effectively removes stains and whitens teeth quickly and gently. Parallel to the two-step mechanism the third activity ingredient with hydrogen peroxide whitens the teeth further.

How to use:

1. We recommend using a mirror to apply the whitening strips.
2. Open the sachet carefully and remove the transparent foil with the strips. (Any opened sachet should be used directly, do not wait longer than 15 minutes).
3. Remove the longer, rectangular strip for the upper row of teeth from the foil. Place it on the upper row of teeth with the side that was stuck to the foil onto teeth. Line up with edge of gum. Remaining strip should be folded behind teeth. Press against strip lightly to stick.
4. Now remove the short, slightly bent strip for the lower row of teeth from the transparent carrier foil. Apply it to the lower row of teeth as described for the upper row. Press down gently.
5. Leave on for 15 minutes.
6. Remove the whitening strips. Remove gel residue with a toothbrush if necessary. Rinse mouth thoroughly with water.

Safety instructions:

For adult use only. Keep out of the reach of children. Avoid contact with eyes. In case of contact with eyes, rinse thoroughly with water. Do not use with: Gum disease, periodontal disease, bleeding gums, gingivitis or receding gums, sensitive teeth, pregnancy or lactation. Do not use when wearing braces. Stop use immediately if irritated or allergic. Teeth whitening does not work on crowns, fillings or veneers. Store product in a cool, dry place away from light.
