

Protect Dental Guard

Art no: 1503xx

Protects teeth from grinding and clenching during sleep.

The Protect Dental Guard container contains the following:

- A Beconfident Protect Dental Guard
- Tailor-made case for storage
- Instructions

How it works

Beconfident Dental Guard protects teeth against teeth grinding at night. It does not require any heating to fit perfectly. Beconfident Dental Guard is CE approved and is developed in collaboration with renowned dentists from the USA. It is a proven splint that has helped thousands of people to ease their teeth grinding and headaches. It is designed to fit any type of mouth and is recommended by doctors and patients thanks to the easily adjustments for each individual. The dental guard is designed to restore the space that exists naturally between the teeth.

Made from:

The Beconfident Dental Guard does not contain BPA, silicone, acrylic, or any harmful toxins, and will not leach any chemicals into your mouth. It is manufactured in an FDA inspected facility, and is not made with rubber latex.

3+ Unique Competitive Advantages

- Slimmest design on the market for outmost comfort
- Fits every mouth due to the adaptable biting plates
- No heating required
- FDA Approved
- Practical storage case for daytime and travelling
