

Multifunctional Whitening Toothpaste

Art no: See table below

Innovative, multifunctional, whitening toothpaste.
Designed by science, made from nature for everyone.

It ensures clean, visibly whiter teeth, strengthens the enamel, freshens the breath and protects against plaque and cavities. Uses natural and safe ingredients.

This is a toothpaste for every taste, need and moment; it comes in 5 unique flavors:

Extra Mint
Coconut + Mint
Acai + Mint
Strawberry + Mint
Sensitive + Mint

Our product is:

- Sulphate Free
- Paraben Free
- Cruelty Free
- Vegan
- 98% natural

Beconfident is not conducting any testing on animals.

Working mechanism in short:

Toothpaste loaded with new ingredient's that no-one has ever included in a toothpaste before – such as unique White Charcoal for absorbing toxins and bad odours, Hyaluronic acid for anti-inflammatory gum health and vitamin C for overall strength just to mention a few.

For whitening teeth Calcium peroxide dissolves the protein pellicle on teeth that attracts stains to the tooth surface and holds them captive. When the protein pellicle is dissolved, all the stains that are adherent to the pellicle are gently removed from the teeth without harsh ingredients such as hydrogen peroxide. Calcium peroxide's slow oxygen release properties also makes it an ideal, cost effective, shelf-stable and natural alternative for whitening teeth. Daily use of the toothpaste during weeks and months, the small amount of oxygen released, has a steady whitening effect without harsh abrasive or strong detergents. No need to mention that our products are cruelty free, Sulphate free, 98% natural and vegan.
