Product Data Sheet

## Complete package:

## How it works

Beconfident Dental Guard protects teeth against teeth grinding at night. It does not require any heating to fit perfectly. Beconfident Dental Guard is CE approved and is developed in collaboration with renowned dentists.

It is a proven splint that has helped thousands of people to ease their teeth grinding and headaches. It is designed to fit any type of mouth and is recommended by doctors and patients thanks to the easily adjustments for everyone. The dental guard is designed to restore the space that exists naturally between the teeth.

## Made from:

The Beconfident Dental Guard does not contain BPA, silicone, acrylic, or any harmful toxins and will not leak any chemicals into your mouth. It is manufactured in an FDA inspected and approved facility and is not made of rubber latex.
